

## Freshwater Wells

Tired and thirsty, Jesus sat by a well while His disciples traveled to a nearby village. It was nearly noon, the hottest part of the day, and a Samaritan woman came to draw water. Against custom, Jesus spoke to her, asking for a drink of water. He soon revealed that "whoever drinks of the water that I shall give him will never thirst. But the water that

I shall give him will become in him a fountain of water springing up into everlasting life" (John 4:13-14, NKJV).

Samaritan's Purse gives people throughout the world safe water to help pave the way for Christ's overflowing love. Costs range from \$400 for a hand-dug well serving a few families to \$10,000 or more for a deep-drilled borehole and pump that can supply clean water for an entire community.

For every water well drilling insurance account that we write, Griffin & Company is dedicated to give \$100 to Samaritans Purse's for their Freshwater Well program. We see this as a worthy investment and are dedicated to help bring fresh water to families and entire communities in need throughout the world. Help us make a difference!
